

*****You have been sent this alert as you are signed up to the GSCB
'alert' system*****

Please see link shared of a 'Child Sexual Exploitation' winning production which is now being used in Northumbria Police as part of the CSE training package. The link is below and shows the cycle of abuse and how vulnerable (and even non vulnerable) can become easily embroiled and subsequently exploited and how the vulnerable can go on to become recruiters/abusers themselves.

NHS England, South Region (South West) have permission for this work to be used widely for training/education purposes so please feel free to share it.

[Damaged Goods \(Short Film - 2016\): Sexual Exploitation Awareness Project](#)

Please also find attached a NHS England CSE advise booklet for healthcare staff but also useful to be read more widely.

***** Please disseminate throughout your agency *****
