New portal for referring concerns about a child

There has been a slight delay to the go-live date for the Portal and it will no longer be going live from Tuesday 20th June.

More information will be provided over the coming weeks about the revised go-live date for the electronic portal to be used by professionals making a request for service to the Children's Helpdesk when they have concerns about a child.

More information is available from

Julie Miles

Head of Service – Front Door Services
