## **Launch of new Mental Health Advice Website for Young People**

The Gloucestershire Clinical Commissioning Group's children and young people's website has now gone live at [www.onyourmindglos.nhs.uk](http://www.onyourmindglos.nhs.uk)

The website provides information and signposting across a range of topics to help young people who might be struggling with their emotions and difficult situations in their life

The website will be promoted through schools in September but please share widely within your organisations
